Book Reports from Locke and Parmenter Schools

This week's book reports come from the Locke and Parmenter sixth grade pupils with an extra one from the Hardy School.

"THE SECRET GARDEN"

By Mrs. F. Burnett

This is the part I enjoyed most: A Cry in the Night.

Around a big mansion and on a cold night, the wind was howling. Mary heard a queer noise. At first she thought it was the wind from the moors. Then she heard it again. This time it was a noise from the hall. Who could it be? She was the only one on that floor. She lighted her candle and tiptoed down the hall. She came nearer and nearer to the noise. There on the left was the room where the cry came from. Mary was afraid to open the door. If you want to know what was on the other side of the door, read the "Secret Garden."

IRENE EGAN, Hardy School.

"LITTLE MEN"

"Little Men" by Louisa Mae Alcott is a sequel to "Little Women." It tells about Jo's boys at Plumfield when they are young.

Plumfield is the home Aunt March left Jo when she died. Jo who loved boys, turned out into a home for them.

One day the boys receive a colt. Dan tries to tame it. He gets many falls but he keeps on trying. Does he succeed? If you are anxious to know, why don't you read this book?

MOLLY ANN THOREN, Locke School.

"DAVE DAWSON IN LIBYA"

By R. Sidney Bowen

The principal characters are: Dave Dawson and Freddy Farmer. The book is about Dave Dawson, an American boy, and Freddy Farmer, an English boy, who had many exciting adventures in the war area.

The part I liked best was when Dave Dawson and his chum, Freddy Farmer, were assigned to air patrol over the Libyan Desert. They were about ten minutes out of sight of Tripoli when they were attacked by three Italian fighters. Dave and Freddy shot them down but soon discovered that their oil line was hit. They made a crash landing, destroyed their plane, and started walking in the direction of Tripoli.

Suddenly they stumbled on a Nazi camp. It was very neatly camouflaged and could not be seen from the air. Dave thought that if they pretended that they had had no food or water for several days the Nazis would take them along as prisoners. This plan succeeded. The general told his men to feed them, place them in a tent, and keep close guard over them. Each night a plane landed there bringing war supplies. After this had been going on for some time, Dave and Freddy managed to escape by overpowering their guard and taking off in the plane that was idling there. On the way to the plane they managed to blow up the powder stores. When they got back to their base they revealed the position of the base and it was completely destroyed.

ROY LUNDQUIST, Locke School.

"EVANGELINE"

By Henry Wadsworth Longfellow

Important characters are Evangeline, Gabriel, Basil, and Benedit. I liked the story of "Evangeline" by Henry W. Longfellow because it was an interesting and sad story. The part I liked best was near the end when Evangeline found Gabriel. She had been like a nurse at a poor hospital. One day when some sick people came to the hospital they were put in bed and when Evangeline came walking down the aisle she saw an old man lying in bed. She thought she recognized him so she went over to his bedside and found that it was Gabriel. He was worn and tired and was about to die. At last, after her years of searching for Gabriel she shared with him at least his last few minutes on earth. I think that this story taught me to be patient.

Because of his high average and exceptional ability he was advanced to the rank of Corporal and will probably be assigned to an air squadron for further duty.

Enlisting in the Marine Corps on the 18th of March, 1942, Harkins was sent immediately to the Marine Training Center at Parris Island, South Carolina, for basic military training before his transfer to the Jacksonville flying center.

He is a graduate of the Lexington High School and of the Bentley School of Accounting and Finance in Boston. At the Belmont C. C. he won the Caddy Championship and played in the Massachusetts and New England Amateur Golf matches.

New Course Prepares High School Boys for War

An automotive mechanics course was started Monday at the High School, designed to give boys training in mechanics that will equip them, in case they are drafted, to become mechanics in any field faster than if they had not taken it. The teacher is Benjamin E. Banks who has for many years owned his own automobile shop here.

An intensified physical education program has already been begun in the school in response to the army's request to harden boys physically.

How to "PREPARE" Tin Cans for War Duty

Clean can well and soak off label

Cut off both ends and flatten firmly

Tuck cut-off ends in can

Save in separate containers and give to an authorized collector

UNCLE SAM NEEDS YOUR TIN!

Follow these Official Instructions by the War Production Board!

Nearly ninety percent of America's tin formerly came from Malaya. And tin is vital to the war effort—for airplane parts, machine gun mounts, gas masks, countless other military uses! That's why Uncle Sam needs your old tin cans. Read the simple instructions below and cooperate with your Salvage Committee, Defense Council, and Municipal Authorities to help make the salvage of tin cans a big success in your community.

Important Facts to Help You.

All paint, oil, varnish, floor polish, or cone-shaped cans are not wanted for salvage. Evaporated or condensed-milk cans are not worth saving. Put these with your trash.

Coffee cans and others with painted-on-can labels are wanted.

It is not necessary to wash off the small amount of glue which holds labels.

Be Patriotic.—Keep this leaflet in your kitchen for handy reference.

Why "Prepared Cans" Are Needed

1. Washing prevents deterioration of tin coating—assures sanitary conditions—and prevents contamination of detinning fluid.
2. Removing top and bottom permits the free flow of detinning fluid over all surfaces of the can.
3. Firmly flattened cans occupy less space in collection, shipment, and detinning operations—thereby decreasing handling costs and increasing plant capacity for detinning.

Start Saving Cans Now.—Properly "prepared cans" are clean and fit solidly into a basket or other container. They can be stored in the home conveniently for an indefinite period until collection methods are arranged.

Collection Day.—The designated collection day for your neighborhood will be announced and publicized intensively through your local salvage committee. Watch for newspaper and radio announcements.

ARLINGTON BEATS STONEHAM TO BREAK LEAGUE TIE

Recovers Top Place by Two to One Win.

Beating the Stoneham hockey team, 2 to 1, in the Boston Garden last Saturday, the Arlington sextet resumed undisputed possession of top place in the Greater Boston League, breaking the triple tie. Melrose, the third party to the tie, was held 2-2 by Medford, and dropped to second place.

All the scoring came in the middle period, Doherty making the first score for Stoneham. Then Joe Preston, in his first game of the year, soloed to bounce one in for a tying counter. As the period waned, a Stoneham boy tried to clear from behind his net, shot the puck to a point in front of the cage instead, and there was Boy Byrnes ready to smack in what proved to be the winning goal. The summary:

Second Period: Goals—Doherty (unassisted), 2:58; Preston (solo), 5:43; Byrnes (scrimmage), 8:07. Penalty—Sheehan (interference). Third Period: Goals—None. Penalty—Knight (leg check). Referees, Foley and Sanford. Time, 10m. periods.

Massucco Elected Football Captain

Melvin Massucco, star quarterback, has been elected captain of the 1943 football team of Arlington High School. "Muzz" who is a junior, is the first line center on the school's victorious hockey team and is a pitcher on the baseball nine.

'Will you be a hero to him?'

To this boy the war is more than table-talk at home. It's a ghastly hell of deadly torpedoes and screaming bombs. But until one comes along "with his name on it," he'll keep fighting to settle the score with a Nazi or take one last crack at a Jap.

Wouldn't you like to know that a few of your dollars had enabled the USO to add a bit of silver lining to his dark clouds of war? Or helped the War Prisoners Aid bring cheer to a buddy behind barbed wire?

Your dollars can do that—and more—if you give enough soon enough to the United War Fund.

Those dollars will also help to bring food, shelter and clothing to our helpless Allies in the conquered countries... provide medical aid to our sick at home... care for our aged... enable visiting nurses, clinics, youth and welfare agencies to carry on.

Don't let it be said that you gave too little too late.

Give enough... soon enough!

CONTROLLER COMPLIMENTS CHAIRMAN GOTT ON DEFENSE

(Continued from Page 1) ter of praise to Chairman Hollis M. Gott, congratulating him on the high standards already attained by the Arlington Committee on Public Safety. The letter reads in part as follows:

"We wish to compliment the Arlington Civilian Defense Organization for the progress that has been made under the guidance of you and your very capable assistants.

"During the past year there has been a noticeable improvement in the morale of the Arlington personnel, in the co-ordination between Town officials and the Civilian Defense staff. The citizens of Arlington should take great pride in the knowledge that its organization has now reached a point where it could successfully cope with an emergency.

"The Civilian Defense personnel should understand that the situation here is steadily becoming more acute and that the need of their services is greater than ever. They must be prepared to cope with sudden disaster of either foreign or domestic origin. That means that continuous study and drill is absolutely essential.

"The people of Arlington should be made to realize that public safety is the responsibility of every individual in the town, that the local Defense Organization still needs additional personnel and that if they have not already done so, it is their duty to join and take an active part. We believe that considerable emphasis should be placed upon this point.

"We are confident that if the present splendid rate of progress continues it will not be long before the Town of Arlington will have the finest protection that it is possible to provide."

Calvary Service Society Installs New Officers

At a very impressive vesper service, the new officers for the coming year of the Women's Society of Christian Service of the Calvary Methodist church were installed. Sunday in the church sanctuary.

A congregation of about thirty-five enjoyed the beautiful service—one of hymn singing, and devout prayer—under the leadership of Rev. George A. Butters, President. Mrs. Howard McGavern, who enters her second year as leader of the group, read a brief message to the people telling something of the work this past year in the society.

This was followed by the new officers being called to the altar rail by the minister, and officially installed in their respective offices, each with a reverent attitude toward their future duties.

A pledge service ensued, at which time Mr. Butters told of the great need of these three pledges in a person's life—prayers, gifts, and service—all of which help to build a stronger and more steadfast church. As he spoke he inserted three candles into a candelabra—each one to designate a pledge—and lighted each one as he concluded. Mrs. Howard McGavern then led the women in their society membership vow, after which they signed their pledge cards, and a most inspiring service came to a close.

The new officers are as follows: President, Mrs. Howard McGavern; vice-president, Mrs. Leonard Bradford; recording secretary, Miss Molly Steeves; corresponding secretary, Mrs. Jessie Augustus; treasurer, Mrs. Russell Bradford; financial secretary, Miss Edith Starkey; secretary of local church activities and Christian Social Relations, Mrs. Carl Nelson; secretary of missionary education, Mrs. John Hesse; secretary of literature and publications, Mrs. Ralph Kinney; secretary of supplies, Mrs. George Easter, who is also secretary of the parsonage committee; secretary of children's work, Mrs. Charles Kirschbaum; secretary of young people's work, Mrs. George Hill, Jr.; secretary of student work, Mrs. Vernon Littlefield; secretary of devotions, Mrs. Carrie Hendricks; secretary of membership, Mrs. Earle Fraser; secretary of fellowship, Mrs. William Hamilton, and secretary of publicity, Miss Ruth Philpott.

TOWN TOPICS

The Auxiliary Police held a daylight mobilization last Sunday so that they might become familiar with their territory and learn where hydrants and fire alarm boxes are. They were not out, as many supposed, to stop autoists who might be driving for pleasure.

The Westminster Class of the Heights Methodist church held its monthly meeting last Friday evening at the home of Mrs. Walter Stevenson, 38 Park avenue extension. The sixteen members present enjoyed the evening playing Prof. Quiz.

Next Sunday Rev. Robert M. Rice of the Universalist church is exchanging pulpits with Rev. Laurence L. Barber of the Orthodox Congregational church. Mr. Barber has chosen a subject of unusual interest and importance to Universalists.

A solemn and religious regard to spiritual and eternal things is an indispensable element of all true greatness.—Daniel Webster.

ARLINGTON UNIT — M. W. D. C.

A wonderful looking band are they. In their brown uniforms they're quite heavenly. Their leather is polished, the brass buttons gleam. The answer to a Marine Sergeant's dream.

Captain Gladys is standing ahead of the groups. Skippers Doty and Evelyn are each with their troops. The Lieutenants so busy they all should have skates. Especially Collins and Bishop and Yates.

Grohe with pencil and Reed with her map. Are planning a convoy that won't be a snap. Lieutenant Ann Rowell with a gleam in her eye. Is chasing finances—Boy what a try!

The canteen is working—has coffee to pour. This poor sailor smells it and thinks—"Days of yore." Sergeants and Corporals are rushing around. There's so many privates they litter the ground.

No two together—each one at a time. They finally assemble and fall into line. A command "Dress right, Dress!" What's that I see? A beautiful line—curved symmetrically.

Now "Hand salute!" How their eyes do peak. Over their fingers which rest on their beak. How is it that when they do "right face" Their left foot never comes into place?

And when the command is "Forward March" Their shoulders seem to lack some stardust. Or the right foot starts when the left should be. Moving forward quite snappily.

In "Column left"—O dearie me. The girls are turning hurriedly. With no pivot held, and no thought of time. This is no turning on a dime!

"Eyes Right!" is given—now what the heck. One sticks her can out—one her neck. Another looks left—still another one right. The whole blamed mess is really a sight.

At "To the rear, March!"—what do I find? Just a few of the girls who have fallen behind. "About face!" is given a veritable test. Some face to the Eastward and some to the West.

"Dismiss!" is the order—and Hip! Hip! Hooray! Not one of them jumped ranks and started away. They've turned and they've twisted in struggles with space. They're trying their damndest to get into place.

The drill is not perfect—but progressing swell. They'll get along nicely and so—What the Hell!

AMERICAN RED CROSS

RED CROSS ANNUAL MEETING

The annual meeting of the Arlington Branch of the Boston Metropolitan Chapter of the American Red Cross will be held January 27, Wednesday at 7:30 p. m. in the vestry of the Unitarian church on Massachusetts avenue at the corner of Pleasant street. All members of the Red Cross are invited.

The speakers will be Charles F. Rowley, Metropolitan chairman of the Red Cross 1943 War Fund, and Mrs. G. Barnum Redding, Field Executive, Arlington being a part of her district.

This year March is Red Cross month, during which the 1943 War Fund will be raised. There was no Roll Call for the Red Cross between Armistice Day and Thanksgiving Day last year. President Roosevelt Honorary National Chairman, believes it to be a better plan for the Red Cross to conduct its drive in March, 1943, for this year after all other campaigns are over. In this way the Red Cross can have its drive for memberships and gifts entirely apart from all other campaigns.

Mrs. Carroll H. Beers, 32 Glen avenue, Arlington 4338-W, is the Roll Call chairman for Arlington and will welcome offers to assist in the coming campaign.

ington women brought a bit of Christmas cheer to the Army men stationed in our town and to the boys in Ward 20 (Arlington Women's Club) at the station hospital at Fort Devens.

Early on Christmas morning, while most of the men were asleep, Mrs. Oscar Peterson and Mrs. Leroy Shaw, neighbors to the Mountain avenue barracks at the Heights, and who have sons of their own overseas, brought a homey touch to the barracks with gay Christmas table cloths, a lighted table tree, wreaths, red candles, and gifts of stationery, books, games, candy, home-made pies and doughnuts. Mrs. Peterson is most generous from time to time with home-cooked food for these boys who are far from their own homes and people. Added to these gifts were several attractively wrapped packages of home-made cookies and tarts and relish, contributed by the committee members of the club, and the gift of six new records from the club itself for the Victrola, recently given by Mrs. Gordon Benway. The men were most appreciative of the thoughtfulness of the various Arlington women and stated that the Arlington outpost was known among the Coast Artillery men as the "best" in the area, both for location and for the kindness shown by the townspeople.

At the base hospital at Fort Devens Mrs. Kingsbury Ryan and Mrs. Richard Linley of the committee brought cheer just before Christmas with individual gifts for each of the 40 men and 5 nurses of the Ward 20. These were pocketbooks, jack-knives, Moore pencils, and bath powder and with the gay packages of cookies made by the club committee, together with the popcorn balls and cigarettes from the Red Cross, were put away until time for the Ward Christmas party. Ornaments for the tree were also contributed by clubwomen, and this was set up in the sunroom and decorated by the "well" patients under the direction of Mrs. Ryan and Mrs. Linley. A guitar and ukelele given by Mrs. Charles Surette were enthusiastically received by the patients. A very sincere "thank you" letter, signed by all the men and the nurses in the ward, has been received by Mrs. Ryan, chairman of this committee.

Drama day at the club is always a day of interest and pleasure. The next meeting Thursday, January 21 at 2 p. m. promises to be no exception. Jane Dillon is the dramatic artist, one of great ability and reputation. She is noted especially for her remarkable characterizations. The first part of the program she designates "Through Lighted Windows." This will be gay and delightful and a help for all to forget the war and its misery. It will do the audience good to forget for a bit.

"Men of America" is the unique title of the second part of the program. Here Miss Dillon, in costume, characterizes the men of America. A grand chance this will be for her to portray these characters. Some may be familiar to the audience.

Mrs. Chester Ginder, chairman of Literature and Drama and her committee hope that all the members of the club may enjoy this original but truly artistic entertainment.

Mrs. Morton Shows Varia Club Button Collection

Monday evening the Varia Study Club held its first meeting of the new year at the home of Mrs. Harold Scott, Wachusett avenue. Miss Bernadine Brooks, president, presided over a brief business meeting and then introduced the guest speaker, Mrs. Charles F. Morton. Mrs. Morton gave an interesting talk on her hobby of Buttons. She showed many beautiful and priceless varieties both old and new from her vast collection. A social hour followed with delicious refreshments served by the hospitality committee, Mrs. Scott, chairman.

The executive board met at the home of Miss Brooks preceding the meeting and the following nominating committee was appointed: Mrs. Stanley Gove, Mrs. Laurence Dallin and Mrs. Harold Croft.

SOWERS' LEND-A-HAND

Members of the Sowers Lend-a-Hand accomplished a great deal of work Tuesday when they met at the Lakeview home of Mrs. Harold Rice to sew on children's hospital slippers. The meeting started at half past ten and the hostess served a buffet luncheon at noon.

"GIVE ENOUGH — SOON ENOUGH"

With the apt slogan, "Give Enough—Soon Enough", the Greater Boston United War Fund has this week opened its campaign in Boston. The goal is \$7,800,000.

The beneficiaries of the fund are directly or indirectly every one in Arlington. They are also the Arlington boys in the armed services.

A part of the money goes directly to Arlington organizations for use in their work here in town.

Of these societies, some help our citizens in their time of need—the Arlington Social Service League, Society of St. Vincent de Paul and the St. James Branch of the Catholic Women's Guild. Many families have special wartime problems to meet. Men are being forced to change jobs from peacetime work to war work; families are upset by the draft or enlistment, while the increased cost of living makes the support of families more difficult. They need immediate financial aid, but even more they need guidance in solving the new problems that have been thrust upon them in readjusting wage earners, training them for war work. Both these needs these Fund agencies meet.

Others—the Arlington Boys' Club, the Boy Scouts and the Girl Scouts—build the citizens of the future. They assure for us an Arlington of tomorrow that is a pleasant and an orderly place. They prepare our youth for their tremendous job of making this a better world.

The Arlington Visiting Nursing Association keeps us in good health and cares for us if we are ill. Through the Well Baby Clinic, some of whose husky visitors are pictured on page one, it gives our youngsters a good start. We have particular need of this organization just now since every war brings the threat of increased sickness and serious epidemics. Because of the needs of the armed services, doctors are scarce so nurses become more important than ever. The association is one of the fund agencies.

A part of the fund goes to Boston hospitals whose clinics give us the services of specialists and provide necessary treatment for many ills. The shortage of doctors means that these institutions are faced with greater burdens than ever.

The United Service Organizations will also benefit. They furnish recreation for service men visiting Boston and for our boys who are serving their country in other parts of the world. The clubhouses the fund maintains will save our boys from loneliness and make them better fighting men. The fund will help them in another way, since it will save them from worry. They will know their families at home are being looked after while they are away.

For United Nations Relief, the United War Fund needs a large sum. This is for the millions of men, women and children—hungry, homeless and helpless—who look to us for help and to whose help many of us have already been directing our efforts. They have lost their all fighting for free democracies. Now it is our duty and our privilege to aid them.

Fund agencies are getting help also to war prisoners, whose minds and bodies are perilously in danger. Neutral members of the organization visit prison camps to distribute books, musical instruments, athletic supplies and organize educational classes, handicraft groups, religious activities and other stimulating activities for the prisoners.

So the fund is fighting the war both on the home front and the battlefield. It is maintaining the decent way of living for which men are dying. So let us not be either stingy or laggard. Let us

"GIVE ENOUGH — SOON ENOUGH"

THE DUTY OF GETTING TOGETHER

Twenty-five years ago—in 1918, the second year of our participation in the first World War—the minister of the Orthodox Congregational church preached a sermon which was reported in the Boston dailies and was used by Mr. Parker as the basis of an editorial in the Advocate. Its theme was the duty of getting together.

That editorial is timely today, when we think that rationing and driving restrictions are interfering with our liberties; when we hear voiced objections to the "regimenting" of labor and industry; when some of us are standing on our democratic rights to hold back the total effort that is essential if we are to win this total war and preserve those rights.

As good as it was in the first World War is this advice—"... a duty confronts us today, the duty of getting together and acting in concert. If the enemy, Germany, does that in the interest of efficiency, we must show ourselves equally efficient."

"Much as we value our independence, we must relinquish it for the time being in order to save it. By and by we can recover what we have surrendered, because in this country we elect our officials and clothe them with power. But we can un-clothe them, as Germany cannot—without our help."

AT GREENWOOD AIR FIELD

(Continued from Page 1)

Lieutenant Casey received his education at Arlington High School and Massachusetts Institute of Technology and was commissioned July 30, 1942. Prior to his entry into the armed forces he was employed as a stress analyst.

Greenwood Army Air Field, activated October 1st, has emerged from a cloud of dust and a field of cotton to take its place as one of the newest flying schools in the Army Air Forces Southeast Training Center. Basic training, which is absorbed at this school, follows Primary as the second of three stages neo-pilots must go through on their way to active flying duty. The cadets learn to handle medium horsepower planes and are initiated to the mysteries of night flying for the first time.

SIDEWALK CLEARING SMALL PART OF SNOW REMOVAL COST

(Continued from Page 1)

sponsible for the clearing of snow and ice from sidewalks. A similar suggestion in private conversation from another source has also been received.

It is with this suggestion in mind, that we submit the following information:

Year	Report Page	Removal of Snow and Ice	Expense for Equipment
1939	308	\$53,310.92	\$547.00
1940	546	65,107.53	25,504.02
1941	306	51,353.89	11.75
Total Three Years		\$169,772.34	\$26,062.97
Average per Year		\$56,590.78	\$8,687.59
Average Cost per Year for Removal & New Equipment		\$65,278.37	

In considering the Equipment cost, it will be noted in the 1940 Reports, page 546, that some very heavy equipment was purchased. This equipment will last for many years, and should not be considered as recurring every three years. One of the items was a Snow Loader. This is a loading machine for heavy duty upon streets of the business districts, using a belt conveyor to load directly upon trucks. The Town has had two similar machines in service for more than twelve years and they are still giving service. In addition to this machine, three heavy Tractor Plows were

The Net Amount to be raised on Polls and Property are as follows:

Polls and Property	\$2,032,246.32
deduct Poll Taxes 1941	25,886.00
Net Amount to be raised on Property Only	\$2,006,360.32

This Table of Statistics above referred to shows about thirty items in addition to the Town Appropriations, which go into the consideration of Taxes. Roughly, the cost of Snow Removal and Equipment as above computed for an average of three years, is approximately 3 1/4 % of the total to be raised on property for the year 1941.

Obtained as follows:
Average Snow Removal Cost, \$65,278.37, divided by Tax to be Raised on property, \$2,006,360.32, equals 3 1/4 %.

Suppose your Property Tax Bill amounts to \$150.00, the amount that you pay for Snow Removal will

Rental of Horses and Pay of Drivers \$3,424.97
Labor on Sidewalk Work 1,935.50
Auto Expense 41.00
\$5,401.47

It will be seen that this Sidewalk Plowing cost is about 3 1/4 % of the Total Snow and Ice Removal Expense, (averaged over the three years as above noted).

Your total tax bill is assumed to be \$150.00. 3 1/4 % cost of total, \$150.00, amounts to \$4.98. (Total Snow Removal Cost).

3 1/4 % of the Total Removal Cost amounts to \$4.1. (Sidewalk Plowing and cleaning item).

This \$4.1 is all you paid in 1941 for the removal of snow from the sidewalks in front of your premises, on a basis of total tax of \$150.00.

If you hire a boy to clean your front sidewalk just once at a cost of fifty cents, you will be paying about nine cents more than your yearly tax for the service.

It appears that we are dealing in rather small items, and to further study the costs, reducing them to

mation which we hope will be helpful in coming to a full understanding of the situation.

The figures mentioned are taken directly from the Town Reports for the years 1939, 1940 and 1941. Reference pages are listed.

The following table of expenditures for the three years mentioned include Removal Costs and also Outlay for Plows and other Equipment.

But, let's consider that it is a fair basis for consideration. The simple arithmetic of the problem is this. Granting that it seems a lot of money for Snow Work, just what does it represent in dollars and cents in our individual Tax Bill? Again referring to the Town Report of 1941, Page 462, Assessor's Statistics:

only 3 1/4 % of \$150.00 or \$4.88. This \$4.88 is the total amount that you pay toward the cleaning of streets, sanding of icy streets and sidewalks, and the plowing of sidewalks.

The Town Reports do not show itemized cost for sidewalk plowing. This is of interest as it is suggested that this work be omitted from the present plan of complete removal service, The Public Works Dept. furnishes the following information regarding the cost of Sidewalk Plowing in the Year of 1941. This is for the calendar year and was a heavy snow year.

units of front footage of lots, or to costs per mile of streets would be purely academic and utterly useless. Possibly when the war is over, we shall be able to motorize the sidewalk plowing equipment, thus effecting savings. But right now the difficulty is in obtaining labor to operate the plows, and in finding the horses to pull them.

Every effort will be made to continue to maintain the standards which we have set, and to cover the entire Town as well as we can with the equipment available and the men at hand.

Let us hope that we may soon return to normal conditions.

Respectfully submitted,
Town of Arlington,
Board of Public Works,
Loring W. Marsh,
Chairman.

Ice.—The business of cutting ice commenced on Wednesday. The quality is tip-top, being 13 1/2 inches thick and perfectly clear.

Real Estate.—We hear that Edward Chapman has sold to Chauncy W. Chamberlain, his house and three acres of land on Pleasant street for \$15,000. This is one of the pleasantest and best places in town. The garden is especially good, being stocked with every variety of fruit. The lot extends from Pleasant street to the pond.

Building.—Since the mild weather set in, work has been resumed upon the Russell school house and the Hose house. For two weeks no work was done.

I. O. of O. F.—The party given by Bethel Lodge last Friday evening, at the Town Hall, under the direction of Mr. Jas. L. Marden, Frederick Poole and others, was a complete success in every particular. About sixty couples tripped the "light fantastic", and every one was pleased.

During the absence of the family of Mr. W. J. Niles from his house on Mystic street, Arlington, on Monday afternoon, some scoundrel entered, and after destroying two carpets, cut the pipes and flooded the lower part of the house.

Fifty Years Ago This Week

The Arlington Finance Club which gave to this town that desirable addition to her real estate now known as Addison street and is now adding another marked feature on the Whittemore estate recently purchased, held its second annual dinner and "ladies' night" at the Quincy House in Boston last Tuesday evening. In addition to members there were present as special guests Mr. J. F. Hall, Superintendent of Schools; Edward S. Fessenden, Esq., of the Selectmen, and Wm. H. T. Tuttle, Esq., with their wives.

The Messrs. Durgin are busy harvesting a crop of hand-some ice on Little Spy Pond, more than a foot thick and clear as crystal.

The firemen of Arlington will not soon forget Monday, Jan. 9, for it brought to them the most arduous and perplexing duties they have encountered for a long time. About half past eight o'clock an alarm of fire was rung in from box 35, to be followed soon afterwards by a second call for the entire department to fight a fire raging within the walls and ceilings of Mr. Charles N. Bacon's residence on Pleasant street. It was evident at the outset that the house was practically doomed. The roof was nearly destroyed and the sidewalls are eaten into by the flames in such a way that the house is a ruin. The entire forenoon was used in putting out this fire, and as the apparatus was coming into Arlington avenue the engineers were met by a messenger who told them the new Stickney-Tyler house off Mystic street was on fire. Although the hose was in a frozen condition and difficult to handle, three streams were quickly run to the building and in a few minutes the brisk fire raging in the easterly room on the lower floor was extinguished.

Immediately after the ceremony a reception was held at the home of the bride's parents. The ushers were Edward A. Geary, David P. Geary, Thomas F. Geary, William A. Miller and Joseph Geary.

Cyrus E. Dallin, 69 Oakland avenue, the well known sculptor, was nominated by Gov. McCall as member of the Art Commission to fill the vacancy caused by the death of Bela Pratt.

The following players of the A. H. S. girls' field hockey team were awarded their letters, Wednesday, at the school:—Rebecca Stickney (captain), Madeline Thatcher (manager), Dorothy Roberts, Eleanor Bateman, Geraldine Lovett, Lorraine Cooledge, Etta Roberts, Carolyn Bennett, Julia Cadagan, Hazel Wadman and Marion Wing.

Mrs. W. K. Cook accompanied her husband on a business trip this week, which will include New York, Philadelphia, Baltimore, Washington and Norfolk, Va. At this latter place the Cooks' younger son, Stanwood, is stationed on the U. S. Inca and they included Norfolk in the trip in order to visit him.

Former Golfer Decorated

Arlington friends of Lt. Harry G. "Bus" Peterson, now of Dallas, Texas, will be interested to learn that he has been decorated with the air medal. He was cited with twenty-four officer pilots for extraordinary heroism in the first coordinated successful raid against the Japanese forces at Kiska. American fighters and bombers negotiated a hazardous five hundred mile trip over water, through low ceilings and rain squalls at altitudes varying from water level to two hundred feet. Not a single plane was lost to the enemy.

The raid was September 14. Lt. Peterson is back in the United States now after six months with the forces in Alaska. He is stationed at the Army Base Field in Baton Rouge, La.

CHURCHES OF CHRIST, SCIENTIST
In all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, a Lesson-Sermon will be read Sunday, January 17, on the subject: "Life."
The Golden Text will be: "The gift of God is eternal life through Jesus Christ our Lord" (Romans 6:23). Bible selections will include the following passage from I Timothy 6:17-19: "Charge them that are rich in this world, that they be not high-minded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy; that they do good, that they be rich in good works, ready to distribute, willing to communicate; laying up in store for themselves a good foundation against the time to come; that they may lay hold on eternal life."
One of the passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, included in the Lesson-Sermon, reads as follows: "Man understands spiritual existence in proportion as his treasures of Truth and Love are enlarged. Mortals must gravitate Godward, their affections and aims grow spiritual,—they must near the broader interpretations of being, and gain some proper sense of the infinite,—in order that sin and mortality may be put off" (p. 265).
Greatness, after all, in spite of its name, appears to be not so much a certain size as a certain quality in human lives. It may be present in lives whose range is very small.

Axis-ridden countries of Europe. Early last year, Dr. Joy made a two months' visit to France, where he inspected the widespread medical services run for refugees in unoccupied France by the Marseilles office of the Christian Service Committee; and in July last he made a flying trip to Britain, on the invitation of Sir Herbert Emerson, High Commissioner for Refugees under the Protection of the League of Nations, to discuss with him the general situation of the refugees.
Dr. Joy was no newcomer to Lisbon, having been stationed there from October, 1940, to May, 1941. He takes a very active interest in Portuguese national life, and has been awarded three decorations by the Portuguese Government—the Cruz Vermelha de Dedicacao, the Cruz Vermelha de Merito and the Cruz Vermelha de Benemerencia.
He will tell Sunday morning of his experiences in Europe.

aided in the disruption of enemy plans and lessened the effectiveness of their attack. His courageous determination, maintained at great personal risk and tremendous odds, contributed to the success of our forces and was in keeping with the highest traditions of the United States Naval Service.
Captain Merrill was graduated from Arlington High School in 1933 and from New Hampshire State University in 1937. In High School, he played football, hockey and baseball. Coach Ostergren recalls him as the smallest boy on the football squad and adds that what he lacked in size he made up in fight. Ostergren also told of a baseball game with Wintthrop. "Herb," he said, "was at his best in a clutch. The bases were loaded. He was never a long hitter but he really got hold of one that day and drove out a terrific home run. In his excitement he failed to tag first. He crossed the plate and dashed for first. We had a lot of fun that day kidding him about his five bagger."
His best sport was hockey and his friends and fellow players remember him as one of the best in this section. At New Hampshire State he captained and coached the hockey team.
He completed his training at United States Marines Aviation School in Pensacola in 1939 and was then sent to San Diego. He was at Midway last May when he was notified by cable of the birth to his wife of twin sons—Herbert Thompson, Jr., and Peter Sanders—in the Memorial Hospital at Nashua, N. H.
Captain Merrill was burned during the action when his gasoline tank exploded in his face. However, he was in the hospital only a few days and the burns left no scars. His parents have heard from him many times since Midway and report him as still in the Pacific but not in the field of action.

Scouting a Community Asset

From coast to coast, in every community, continuous and increasing demands are being made, as a part of the war effort, upon the Boy Scouts of America. In spite of being faced with a serious crisis due to constant loss of leadership, as older Scouts, Scoutmasters, Council Members and Troop Committeemen, are called to the colors, membership continues to grow and more and more boys express a desire to contribute their share toward winning the war through an active participation in Scouting.

Within the Town of Arlington more than 950 men and boys are now actively engaged in this great movement which brings men of the highest character and ability into a man-boy relationship and fellowship in the ideals of character development and citizenship training. So often the act of doing something for others is scoffed at yet the performing of a "daily good turn" is one of the fundamentals of Scouting.

Today, as never before, Scouting represents to the community the value of contributory service during this period of emergency and preparedness. Scouting's war slogan of "We, Too, Have a Job To Do" is seen and felt throughout the entire nation. In addition to this we daily read and hear of reports from the Armed Forces as to the outstanding value the Scout program is proving to those former Scouts now in the service.

And yet, Scouting is no wise Militaristic. Here is a youth program for all boys, regardless of race, creed or color with an aim toward training in self-discipline, self reliance, in service to others, with the goal in view of good American citizenship and world brotherhood. These boys are "on their honor" as they try in their daily life to live up to their Scout Oath and Law. No parent could write a better code and no adult could live more nobly in the eyes of his community. His country or his God than does the Scout who faithfully obeys his Scout Oath and Law. This program is for your boy, the boy next door, and the boy across the tracks, that they may be better citizens, better Americans, better equipped to meet life's battles. It's little wonder Hitler doesn't like Scouting and disbanded it almost as soon as he came into power.

"On My Honor I Will Do My Best" vowed Colin Kelly the night he became a Boy Scout. Colin Kelly and ten million other American boys. Perhaps it was there that his "Duty to God and Country" launched him on the road to becoming America's First Hero of World War 2. Perhaps it was the wholesome association he enjoyed with other manly American boys, or the dogged determination inspired by the earning of Merit Badges. Perhaps it was the friendly rivalry of Scouting games. Whatever it was that kindled the fire that has enshrined him in the hearts of men wherever the English language is spoken, Scouting played an important part, just as it is now playing an important part in the lives of all the Scouts in Arlington.

More boys want to be Scouts in Arlington and they can be when we provide them with additional trained adult leadership. All this means a sacrifice on the part of those who give of their time and money, yet to date twelve young men, former Scouts in the Sachem Council, have given their lives during this present war in defense of their country and its ideals. Only by giving freely of your time and money can you and others justify the sacrifice those boys have so gallantly made.

During this past year, Boy Scouts of Arlington have contributed many thousands of dollars of sugar ration and price ceiling bulletins. They have served and acted as victims for the Red Cross clashes and incidents, taken training courses and served as messengers and couriers for the O. C. D., collected many tons of waste paper, rubber, and scrap metal, served as aides at the Arlington cemetery on Memorial Day, collected and sorted many volumes for the Victory Book Campaign. In fact, whenever there is a town-wide job of distribution or collection a call goes out for the Boy Scouts.

Scouting is one of today's recognized community assets. As men needed strength and training for the tasks of today, so they will need greater strength for the tasks of tomorrow. Scouting has not failed and will not fail in building men of honor and character today for the job of good citizenship tomorrow.

Your Community Fund contribution will help continue to give training to these boys. You did not fail them yesterday. You can not afford to fail them today.
